

Andrea Van Brunt

Hello! I'm Andrea Van Brunt, the Sabra lead for the 2020-2021 school year. I have worked with young children for over 12 years, in licensed preschool/childcare centers and as a nanny. I'm experienced in all age groups, spending the majority of my time with the under three crowd for the last five years. I have completed many courses in early childhood education over the years, and look forward to continuing my education in the future. In 2021, I also hope to obtain my CDA (child development associate credential).

I live in Centerville with my wonderful family-my husband, teenager, and pets. My favorite thing to do is anything with family, especially discovering a new place or just relaxing. We all love animals, and enjoy volunteering with them as time allows. I also love to curl up with my coffee and a good book!

I have been enjoying my time at the JCC preschool, where I've worked since December 2019. I love spending each day with our Sabra class and watching them get excited over an art project or science experiment, or spending time reading together. My favorite thing to do is laugh with them, they always have something funny or clever to say! I'm excited to get to know them even better, and make memories!
