

Diane Blevins

Hi! I'm Diane Blevins, a long time educator and graduate of Wittenberg and Wright State Universities. I have worked with various age groups through the years in elementary school, and primarily the pre-K and Kindergarten students at the JCC. I look forward to a year of discovery and learning with your children.

My daughter Kira, an Ohio University freshman and I live in Beavercreek with our yellow lab Kai.

Some things I enjoy are reading, music, doing word searches, making beaded bracelets and all things arts and crafts. I love to travel when I can and look forward to my next adventure!
