

Karen Douglass

Shalom! I am Karen Douglass and I have been working at the JCC for close to ten years. I live with my husband Jim, my daughter Lindsey, who is a senior at Centerville High School, and our two cats, Cheeto and Sapphire. I have another daughter, who many of you know. Her name is Tabitha, and she and her husband, Evan, live in Cincinnati. I love my family and feel so blessed to have them. I have a B.A. in film from Wright State University, and though I have had different jobs, I've worked mostly at a public library and the JCC.

I feel that my job of taking care of young children is so very important. I do my best to keep them safe and to help them feel that they are secure, taken care of and loved. I have many fond memories from working at the JCC preschool. I've enjoyed the celebrations and our many family gatherings. Even though things are different now, I and my co-workers are doing our best to help your children have a good school year.
