

Kim Darner

My name is Kim Darner and I am very happy to be here at Early Childhood! I have been working here since 2016. I enjoy working with children and have had years of experience with special needs students at the elementary level. I believe kids should have the opportunity to be kids while learning at the same time.

My family consists of two sons, a dog named Lorah (named after John Mellencamp's Grandma). I also enjoy antiquing and attending concerts with my husband. I'm a huge John Mellencamp fan! I am looking forward to getting to know you and your children and having a fun year of discovery and learning.
