

Sarah Strange

Hi! My name is Sarah Strange. This is my first year at JCC Early Childhood. I graduated last year from Iona College, located in New Rochelle, NY. There, I studied psychology and was on the D1 lacrosse team for all 4 years. During my undergraduate experience, I worked in a preschool near my college. I value children's uniqueness, individuality, and their interests, and am very passionate about fostering a friendly environment of academic and developmental growth. Currently, I am enrolled at the University of Dayton where I am getting my master's degree in Clinical Mental Health Counseling and upon graduation will work as a therapist in the mental health field. I have lived in 7 different states, however my family currently lives in Michigan.

I am a lover of the outdoors! I enjoy running, hiking, and bicycling on the weekends. I love all animals and insects, no matter how big or small! During my time at the JCC, I appreciate our ability to get the students outside and allow them to enjoy the great outdoors. I am also a huge Fiona (the hippo at the Cincinnati Zoo) fan.

I am incredibly excited to work with this great group of children! Welcome!
